

**Easy ways to set the PIN for your wearable device:**

Step 1: Download CSB Mobile + by scanning below QR code

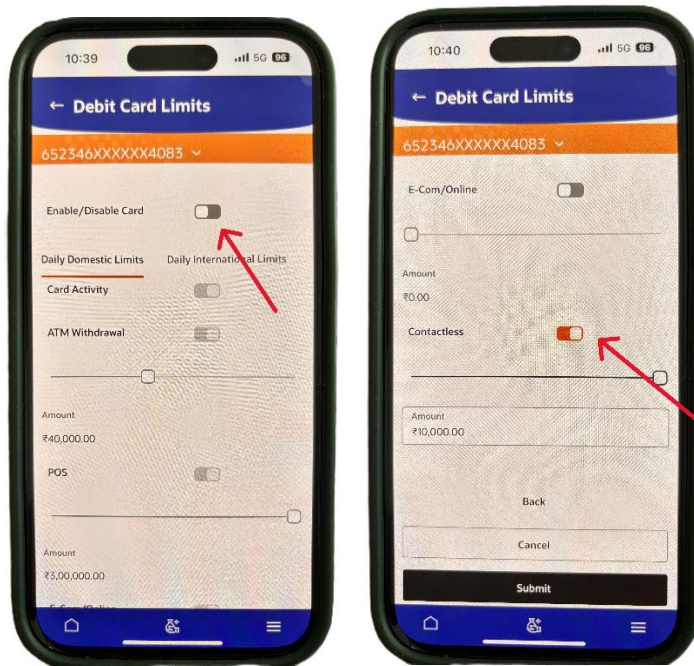

Step 2: Login to CSB Mobile+ Banking App → Click on 'Cards' → Select 'Debit Card' and click on the design → Select 'Reset PIN' → Submit

**Activate your CSB FitPay watch for Contactless payments through CSB Mobile+ Banking App or Net Banking**

Click on 'Cards' → Select 'Debit Card' and click on the design → Select 'Debit Card limits' → Click on 'Enable Card' → Now scroll down and enable 'Contactless' → Submit

### Here's how you can easily modify daily transaction limits on your CSB FitPay watch:

Go to 'Debit Card Limit' → Edit limit of "Contactless" payments → Click Confirm after resetting the limit

**Note:** Only Domestic Contactless transactions are allowed.

### To view details related to Debit Card number linked with the device:

Login to CSB Bank Net Banking → On the Home Page, Scroll down to "Cards" section → Click 'Debit Cards'. You should be able to see masked debit card number.

Since watch is only to be used for contactless transactions, card numbers is not visible for end user
