INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

To,

The Members of
The Catholic Syrian Bank Limited

Report on the Financial Statements

We have audited the accompanying financial statements and the internal financial controls over financial reporting of The Catholic Syrian Bank Limited (the Bank) which comprise the Balance Sheet as at 31st March, 2017, the Profit and Loss Account and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information contained in the notes to accounts. Incorporated in these financial statements are the returns of 24 branches/offices audited by us and 427 branches/offices audited by the branch auditors.

Management's Responsibility for the Financial Statements and for Internal Financial Controls over Financial Reporting

The Bank's Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Bank in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and provisions of Section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by the Reserve Bank of India ('RBI') from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

The Bank's Board of Directors are responsible for establishing and maintaining internal financial controls based on the "the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Bank's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit and to express an opinion on the bank's internal financial controls over financial reporting based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the Bank including its branches in accordance with the Standards on Auditing ("The Standards") specified under Section 143(10) of the Act and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements and whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

An audit involves performing procedures to obtain audit evidence about the amounts, the disclosures in the financial statements and adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Bank's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting

estimates made by the bank's directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Bank's internal financial controls system over financial reporting and the financial statements.

Meaning of Internal Financial Controls Over Financial Reporting

The Bank's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. The Bank's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Bank;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditure of the Bank are being made only in accordance with authorisations of management and directors of the bank and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Bank's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

SCHEDULE 17 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. GENERAL

- a) The financial statements have been prepared in accordance with the requirements prescribed under the Third Schedule (Form A and Form B) of the Banking Regulation Act, 1949. The accounting and reporting policies of the Bank used in the preparation of these financial statements conform to Generally Accepted Accounting Principles in India (Indian GAAP), the circulars and guidelines issued by the Reserve Bank of India (RBI) from time to time, the Accounting Standards (AS) specified under Section 133 of the Companies Act, 2013 read with Rule 7 of The Companies (Accounts) Rules, 2014 so far as they apply to the Bank and practices generally prevalent in the banking industry in India.

2. USE OF ESTIMATES

The preparation of the financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses and disclosures of contingent liabilities at the date of the financial statements. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

In terms of RBI guidelines, the entire investments portfolio has been classified under three categories for valuation purpose, viz., "Held to Maturity", "Available for Sale" and "Held for Trading" at the time of its purchase. However, for disclosure in the Balance Sheet, investments are classified under six groups - Govt. Securities, Other Approved Securities, Shares, Debentures and Bonds, Subsidiaries/Joint Venture and Others.

Transfer of investments from AFS to HFT or vice versa is done at the book value. Depreciation carried, if any, on such investments is also transferred from one category to another.

e) Valuation of Securities:

(i) Investments in "Held to Maturity" category are accounted for at acquisition cost or at amortized cost, if acquired at a premium. In case the cost is higher than the face value, the premium is amortized over the period remaining to maturity using Constant Yield Method. Such amortization of premium is adjusted against income under the head "Income on Investments". Where the face value is higher than the cost, the discount is ignored and is accounted only on maturity date of the instrument.

(ii) Securities classified as "Available for Sale" are marked to market scrip-wise on a quarterly basis other than shares which is done on a weekly basis and net depreciation in each category is provided for, while net appreciation is ignored.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. The impact of changes in the deferred tax assets and liabilities is recognized in the Profit and Loss Account.

Deferred tax assets are recognized and reassessed at each reporting date, based upon the Management's judgement as to whether realisation is considered as reasonably certain. b) Qualitative disclosures

(i) Main drivers of LCR and evolution of contribution of inputs

The Liquidity Coverage Ratio (LCR) standard aims to ensure that a bank maintains an adequate level of unencumbered High Quality Liquid Assets (HQLAs) that can be converted into cash to meet its liquidity needs for a 30 days' time horizon under a significantly severe liquidity stress scenario, by which time it is assumed that proper corrective actions can be taken. The LCR position depends upon the level of High Quality Liquid Assets (HQLA) and level of inflows and outflows in 30 days stress horizon computed as per the RBI guidelines in this regard.

(ii) Intra period changes

The intra period changes are mainly on account of changes in unencumbered excess SLR positions.

(iii) The composition of High Quality Liquid Assets (HQLA)

Banks' High Quality Liquid Assets consists of the following

- i. Cash
- ii. Balance with RBI in excess of CRR requirement
- iii. Unencumbered portion of investments in Government securities in excess of SLR requirement.
- iv. Investments in Government securities held within the mandatory SLR requirement, to the extent allowed by RBI under Marginal Standing facility(MSF)
- v. Investment in Government Securities held up to 11% of Net Demand and Time Liabilities (NDTL) permissible under Facility to Avail Liquidity for Liquidity Coverage Ratio (FALLCR).

(iv) Concentration of funding

Banks' concentration from top 20 depositors stood at 7.06% of total deposits as on 31st March 2017.

(v) Derivative exposure and potential collateral calls

Bank does not have derivative business except forward contracts.

(vi) Currency Mismatch in LCR

The bank does not have aggregate liabilities denominated in any foreign currency of 5 per cent or more of the bank's total liabilities and hence LCR in other currencies is not computed.

(vii) Centralisation of liquidity management

Banks' liquidity management and monitoring is centralized. Bank has a Board adopted liquidity management policy in line with RBI regulation and guidelines.

(viii) Other Inflows and outflows in the LCR calculation that are not captured in the template but which the bank considers relevant for its liquidity profile

Inflows and outflows are comprehensively captured in LCR template

7. Employee Stock Option Scheme (ESOS)

The shareholders of the Bank in the 92nd Annual General meeting of the Bank held on 23.09.2013 accorded sanction to frame and implement the Employees Stock Option Scheme and grant/issue options to eligible present and future employees of the Bank, such that the offer, issue and allotment of such shares pursuant to the option shall not exceed 5% of issued equity shares of the Bank from time to time. Accordingly, the Bank formulated a stock option scheme called "CSB Employees Stock Option Scheme 2013" ("ESOS 2013" or "Scheme") as per Board resolution dated April 8, 2014 and the same has been approved by shareholders vide postal ballot on August 18, 2014. The ESOS is equity settled where the employees will receive one equity share per option. The period of vesting shall range from a minimum of three years from the date of Grant and normally shall not exceed a maximum of five years ("Vesting Period"), unless the Remuneration & Compensation Committee decides for a longer/ shorter vesting period, subject to applicable laws. The Committee may, at its sole discretion, decide the proportion of shares, which shall vest each year during the vesting period ("Vesting Schedule"). The Stock option granted to employees vest over the period as decided by the Remuneration & Compensation Committee. The Exercise Period for the relevant Grant shall be a period commencing from the relevant Vesting Date for the respective tranche and shall end with the expiry of 10 years from the relevant Grant Date or such other period as may be decided by the Committee for each Grant.

Stock option activity under the scheme during the year ended 31.03.2017 has been as follows:

Outstanding at the beginning of the year	820000
Granted during the year	Nil
Forfeited during the year	490000
Exercised during the year	Nil
Outstanding at the end of the year	330000
Options exercisable at the end of the year	110032

Options outstanding at the beginning of the year carry an exercise price of Rs. 147.25

Under intrinsic value method, since exercise price of the stock options granted under the ESOS is more than the underlying value of the shares, it has not resulted in any charge to the Profit and Loss Account for the year. If the bank had adopted the Black-Scholes model based fair valuation, staff cost for the year would have been higher by ₹ 0.95crore and profit before tax would have been lower by the same extent.

The fair value of options granted during the period has been estimated on the date of grant using the Black Scholes option pricing model with the following assumptions:

Average Dividend Yield	0%
Expected Volatility	31.81%
Risk free interest rate	6.40%
Expected life of options	10 years
Expected forfeiture	Nil

Expected volatility is a measure of the amount by which the equity share price is expected to fluctuate during a period. The measure of volatility used in Black-Scholes option pricing model is the annualised standard deviation of the continuously compounded rates of returns on the shares over a period of time. Expected volatility has been computed by considering the historical data on daily volatility in CNX Bank Nifty over the last 10 years.

Impact of fair value method on net profit and EPS

Particulars	12 months ended 31.03.2017
Net Profit (Loss) as reported (Rs in Cr)	1.56
Proforma Net Profit (Loss) based on fair value approach (Rs in Cr)	0.61
